

Autumn Term Week 8

We are continuing our topic 'Why do squirrels hide their nuts?' this week.

In Literacy we will be reading story 'Bear Snores On'. We will be writing about the story and will describe what hibernation is.

In Maths we will be creating repeated patterns and will become a matching band to count the beats of a drum.

In the afternoons we will be making a lollipop stick house and once dry we will draw in our families inside. During our Science lesson we will be matching young animals to their parents and we will be drawing and describing our own parents.

We are encouraging the children to become more independent. Please they practise putting on and taking off their coats at home. Thank you.

As we are discussing parents this week, we would love for each child to have a photograph of their family displayed in The Grove. We will photocopy the originals and send it back to you in the CHAT book.

Dates for your diary

Halloween dress up day – 22nd October

PD Day – Friday 23rd October

Monday	The Spinney CHAT books handed in
Tuesday	
Wednesday	
Thursday	CHAT books handed out Reading books and diaries handed in Halloween dress up day
