

How to Trap a Troll

If you have a troll living in your area then you will need these instructions. No one wants a nasty troll nearby. So, read on and soon you will be able to scare off any troll that might be making your life a misery.

What you need:

- A large sack
- Plenty of tasty food
- A clearing in a forest near the troll's cave
- Sunshine!

What you do:

1. First of all, go into the forest and find the troll's cave.
2. Next, find a clearing near the cave where it is sunny.
3. After that, take the sack and fill it with tasty food.
4. Then just one minute before sunrise, leave the sack in the clearing.
5. Now wake the troll by shouting "FOOD!" loudly.
6. Finally, hide nearby and watch!

If you are lucky the troll will wake up and run outside. Trolls are very greedy so it will smell the food and run over to the sack. If you are fortunate, it will start eating.

A few seconds later the sun will come up and the troll will be turned to stone!
