

◀ ① Greek pottery showing runners at the Olympic Games.

Archaeologists have discovered a great deal about ancient Greece. The Minoans were the first Greek civilisation and the objects that have been discovered give clues about the past.

How do you think these discoveries would help people understand about the life in Ancient Greek times?

**Design an Ancient Greek coin or pot to show something about the life of people at that time.**

Think about the Greek Myths, Greek buildings or Olympics.

## Pottery

Nearly all Greek pottery was made for use in the home. It was decorated with people and scenes using black, white, red and yellow glazes (picture ①). Surviving pieces of pottery tell us much about the way the ancient Greeks lived.
