First, watch the video lesson.

Then complete the task:

Your task is to write a *formal letter* to the citizens in your town, *thanking* them for the services they provide on a daily basis. This is what each paragraph could contain, in addition to a formal letter layout (see WAGOLL):

Here is an example of what a good one looks like (WAGOLL). In the example, you are pretending to be the Mayor of Oak Town, thanking people who help in the community.

Remember: if you decide to write a letter in real life to people who help in our community, **don't give your home address and only give your first name**. (You could use the school's address: Ludlow Primary School, Clee View, Ludlow SY8 1HX).

To the heroes of Oak Town,

I am [your name], the Mayor of Oak Town, and I am writing to you on behalf of our fellow citizens to extend a heartfelt thank you for the services you provide on a daily basis. Your contribution to our community is invaluable and your commitment to making this a successful and thriving town does not go unnoticed.

I would like to express my gratitude for your extraordinary effort. Collectively, you have helped us to learn, helped us to feel better when we were unwell and you have kept us safe by enforcing the law. You take care of our pets, you bring us our mail and you ensure we are fed every day. Thank you for your hard work and support during the difficult times. Your humility, strength and kindness are greatly appreciated.

We thank you wholeheartedly for *[explain why you and the public are thankful]*. Thank you for being our town's guiding light in the face of both adversity and triumph!

Yours faithfully,

[Your name]
