WALT magpie some reporting style language

Today, we are going to identify some language that we can use in our own newspaper articles to make us sound more like newspaper journalists.

We are looking for opening, words and phrases which are indicative to newspaper articles.

Have a look through these newspaper examples and magpie any words / phrases that you think would be useful for us to use in our own newspaper reports.

Now, we're going to have a go at using some of these words / phrases within some sentences.
