<u>Slides 1-11</u>	Only digits	Each slide will present the numbers one 10-20 one at a time. Listen to each audio file a couple of times and repeat out loud, working slowly and surely through the slides.
<u>Slide 12</u>	All numbers on one slide	Play the audio file for each number at least once and repeat out loud.
<u>Slide 13</u>	Numbers and written word	Numbers and the written version of each number on this slide. Play the audio file for each number at least once and repeat out loud. Pay careful attention and listen carefully as the way the numbers are written are not necessarily how they are pronounced.
<u>Slides 14-20</u>	Numbers from 10-20	A number will be missing from each slide. Can you say in Spanish which number it is? Once you have decided which number it is and say this number out loud. It will be heard and appear on the screen at the same time when you click to check your answer. The missing numbers are 12, 10, 17, 20, 18, 15, 19.
<u>Slide 21</u>	Final revision	All numbers on one screen one last time. Can you now say these numbers from memory? Use the audio files to help you. When you are ready try and say the numbers 10-20 without looking at the screen.

Once you have finished this lesson you may like to complete the worksheets in the activities section. Remember to count from 10-20 in Spanish every day to help you remember these numbers and you can always revisit the lesson and in particular the last slide to support you. Then start counting from 1-20 so you remember the numbers from last week too!
