Nappy changing - Policy Statement

2024-2025

Safeguarding and Welfare Requirement: Health

Providers must ensure there are suitable hygienic changing facilities for changing any children who are in nappies.

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We provide nappy changing facilities and exercise good hygiene practices in order to accommodate children who are not yet toilet trained.

We see toilet training as a self-care skill that children have the opportunity to learn with the full support and non-judgmental concerns of adults.

Procedures

- Acorns staff speak with parents to ascertain child's usual routines.
- Changing areas are warm and safe areas to lay children.
- Each child has their own nappies or pull-ups and changing wipes, as provided by parents/carers.
- Staff wear gloves before changing starts and the areas are prepared, including wiping down of the mat.
- All staff are familiar with the hygiene procedures and carry these out when changing nappies.
- In addition, staff ensure that nappy changing is relaxed and a time to promote independence in young children.
- Children are encouraged to take an interest in using the toilet; they may just want to sit on it and talk to a friend who is also using the toilet.
- Children are encouraged to wash their hands, and have soap and towels to hand.
- Anti-bacterial hand wash liquid or soap should not be used for young children; young skin is quite delicate and anti-bacterial products kill off certain good bacteria that children need to develop their own natural resistance to infection. School hand soap is COSHH risk assessed and purchased through the usual school supplier
- Staff are gentle when changing; they avoid pulling faces and making negative comments about 'nappy contents'.
- Staff do not make inappropriate comments about children's genitals when changing their nappies.
- Older children access the toilet when they have the need to and are encouraged to be independent.
- Nappies and pull-ups are disposed of hygienically in the nappy hygiene bin. Soiled nappies are also bagged. Cloth nappies, trainer pants and ordinary pants that have been wet or soiled are rinsed and bagged for the parent to take home.
- Staff record dates/times of changing.
- We have a 'duty of care' towards children's personal needs. If children are left in wet or soiled nappies/pull-ups in the setting this may constitute neglect and will be a disciplinary matter.
