## Nintendo Switch 2

The Nintendo Switch 2 was released last month and has a new communication feature that you should be aware of.

### GameChat – NEW

GameChat is included within a Nintendo Switch Online membership and allows up to 12 people to chat while playing games. Players can share their screen, even if they are playing different games, chat with the built-in microphone and as the Nintendo Switch 2 allows cameras to be connected (sold separately), even video chat. If your child is using this feature, then ensure they know how to report other users.

You can find out more here: <https://www.nintendo.com/en-gb/Hardware/Nintendo-Switch-2/GameChat/Nintendo-Switch-2-GameChat-2785625.html>

## Online Challenges

According to Ofcom's latest Children's Media Use and Attitudes report "funny videos or those showing pranks or challenges continue to be the most popular type of VSP (video-sharing platforms) content for children, watched by 68% of 3-17-year-olds who watch videos." [source - <https://www.ofcom.org.uk/media-use-and-attitudes/media-habits-children/children-and-parents-media-use-and-attitudes-report-2025>]

If your child is watching this type of content, then you need to chat to them regularly, particularly about online challenges and the risks that they can pose. **There are challenges online that are risky/dangerous.** Sadly, there are reports that children have died as a consequence of attempting online challenges.
