## Imaginary Creatures.

Follow the link below to listen to a piece of music that was composed about a mythical creature called A Bao A Qu. In the video you will hear some children talking about what sort of creature they think of when the music is playing.

A Bao A Qu from Anthology of Fantastic Zoology by Mason Bates

<https://youtu.be/Ng6jdFQWo2g>

Now that you have listened to the music think about the activities and questions below . Write your answers on the back of this sheet.

- Describe what you think A Bao A Qu looks like. Perhaps it is huge or small, slimy or scaly, scary or cute. Think of as many adjectives as you can to describe your creature.
- How does your A Bao Qu move? Does it scurry or slither, bounce or slide? Is it fast or slow? Perhaps it is invisible when it moves or changes colour to blend into the background.
- What word described how the music was put together? Look at the video at 3:20 to remind yourself if you need to.
- Try moving like an A Bao A Qu whilst the music is playing. Remember when the pitch of the music goes higher so must your A Bao A Qu.
- Draw and colour a picture of an A Bao A Qu whilst you listen to the whole piece of music. Follow this link [https://youtu.be/zTO\\_qrsYb8E](https://youtu.be/zTO_qrsYb8E) to hear just the music without anybody talking.
